

AREA FOOTBALL GUIDE

TMC is proud to present their annual Area Football Guide. This publication will cover a wide area of the North-Central Texas 1A-6A schools regular season schedules, Conference, Division, District and District Opponent information.

There will be a minimum of 10,000 copies printed. Distribution will include hand delivery to each school and the remaining copies will be distributed throughout the area at key retail locations. In addition, each advertiser will receive 25 copies for distribution at their locations.

This information booklet will be kept by most readers for the entire season as they follow their local team and cross check the opposing teams in their district.

This is a great marketing product for any business and is a great way to reach thousands of Texas High School Football Fans.

The UIL is realigning the districts every other year.
